

Evidencing the Impact of Primary PE and Sports Premium

Written: October 2021, amended October 2022

Reviewed: July 2025, next review July 2026

The funding (£17,410) allocated has been provided to ensure impact against the following objective:

To achieve self-sustaining improvement in the quality of PE and sport in primary schools.

It is important to emphasise that the focus of spending must lead to **long lasting impact against the vision** (above) that will live on well beyond the Primary PE and Sport Premium funding.

It is expected that Oakfield will see an improvement against the following five key indicators:

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experiences of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

£17,410 planned spend in 2024/2025

Swimming & Water Safety

Swimming features in the academy's curriculum as we are able to use funding to support the cost of running this. We cover the entire costs associated with swimming to ensure all pupils are able to attend, though parents are responsible for ensuring all children have the appropriate clothing and kit to enable them to take part.

Intent	Indicator	Cost
	Ensure that children in Year 5 attend swimming lessons in order for them to meet the expected 25m competency by the end of KS2.	£700
	Ensure that all children not yet able to achieve a 25m distance in swimming in Year 6 are supported to do so.	£350
	Ensure that children in Year 6 are taught how to perform a safe self-rescue in different water-based situations when they have achieved their 25m swimming badge.	£350
Subtotal:		£1400

Forest School

In order to extend our Forest School offering to more pupils so that they have further access to equipment and resources outside of their regular day-to-day experiences and to keep them active, we use part of the sports premium to fund 50% of the cost of this programme. This means that the whole school now has access to regular Forest School sessions throughout the year and thus view being active as part of their life at school.

Intent	Cost
To improve physical and mental wellbeing through access to the Forest School programme for all year groups – 50% contribution.	£4450
Ensure that all children have the equipment they need in order to keep active (through den building, tree climbing, etc....) at Forest School.	£550

P.E. Coach & Equipment

The aim of purchasing the Real Legacy programme is to promote physical education in all learners and to develop staff confidence in teaching PE. The programme provides us with a web resource that aids delivery of engaging, challenging and high-quality teaching, regular contact with a provider who supports staff training, implementation of the programme and additional CPD, and a platform to engage learners at home to be physically active.
